Benefits

More Is Better
Especially when it comes to a 3-CD changer. Listen to hours of your favorite music without having to change CD's. Program your favorite songs on any of the CD's to create your own mix of favorites.

Cassettes Rule
At least on this unit they do. The cassette players/recorder will let you tape your favorite songs from the AM/FM stereo radio or CD.

Extra Features
Don't forget the remote control and Dynamic Bass Boost System functions. The remote makes it a snap to change CD tracks from wherever you're sitting or standing, and the Dynamic Bass Boost System makes a great sounding unit sound even better.
